

The screenshot displays the DEMO Software 3.1.27 DEMO interface. The top menu bar includes options: Run, Stop, Load, Unload, Design, Verify, Options, Log, Clear, Restore, and About. A 'DEMO' button is located in the top right corner. The main window is titled 'WORKFLOWS' and contains a table with the following data:

Name	Status	To Index	Aborted	Processed	Active	Last process
Wholesale Distribution automated using file na...	Stopp...	0	0	5.2	12:00...	9:19:17 AM

Below this, a sub-window titled 'Wholesale Distribution automated using file name' shows a detailed view of the workflow steps:

Name	Status	Proce...
CaptureFromFolder	Stopp...	5
Indexer	Stopp...	5
ConvertToPDF	Stopp...	5
PublishToFolder	Stopp...	5
PublishToDatabase	Stopp...	5

The Windows taskbar at the bottom shows the Start button, taskbar icons for 'My Output', 'DEMO Software', and 'Document1 - Microsof...', and a system tray with the time '9:19 AM'.

Five documents captured, indexed automatically and published to folders and database for immediate unlimited user retrieval.
